📅 Fall 2022

SUMMARY

Dedicated and forward-thinking. Aspiring software developer with a passion for leveraging technology to drive positive change and a strong foundation in coding languages and technology. Excelled in collaborating within a team environment to design, develop, test, and debug software of moderate complexity. Passion for emerging technologies, marketing strategies, communications, and social media trends. Strong drive for results with a natural inclination to take initiative. Committed to learning, attention to detail, and utilising virtual technologies for seamless communication.

WORK EXPERIENCE

University of Denver – BRAVE Lab Research Assistant

September 2022 - PRESENT

- Supported an NIH-funded grant assessing the effectiveness of a computer-based cognitive bias modification training for youth (ages 10-17) with anxiety disorders
- Worked on evidence-based assessments and interventions for anxiety. Studied and participated in science that can help improve treatment for children and adolescents in community and clinical settings

University of Denver LTP – Soccer and Basketball Coach

October 2022 - PRESENT

- Soccer and basketball coach to youth ages 5-13. Taught technical skills and fostered teamwork while mentoring
- Evaluated and monitored athletes' performance to identify areas of improvement and develop strategies to reach their goals

Relevant Courses

- Data Structures and Algorithms, Introduction to Artificial Intelligence, Discrete Structures, Object Oriented Programming

VOLUNTEER WORK

PlayStrong Cherry Creek – Blood Drive Coordinator

August 2019 - May 2021

- Managed complex logistics and organised all blood drives for PlayStrong Cherry Creek
- Developed and implemented strategies to increase brand awareness and drive traffic to the program.
